About RACEON

RACEON Sports Equipment and Accessories LLP is a specialized sports infrastructure company delivering high-quality wooden sports flooring and complete badminton, squash court solutions. With strong technical expertise and premium materials such as termite-treated pine wood, African teak flooring, and advanced shock-absorption systems, we create courts that meet professional playing standards while ensuring safety, durability, and superior performance with pneumatic machine.

Over the years, RACEON has successfully executed projects across sports academies, educational institutions, government facilities, clubs, and private arenas. Our turnkey approach—from base structure formation and teak flooring installation to sports lighting, poles, and nets—ensures seamless execution, timely delivery, and long-lasting results. Our growing project footprint stands as a testament to our commitment to quality, precision, and client satisfaction.

Key Highlights

- Termite-treated & moisture-protected flooring system
- International-standard badminton court finish
- Shock-absorbing, player-friendly design
- Proven execution across Karnataka & South India
- Suitable for schools, colleges, stadiums, clubs & academies

PRODUCTS

Teak Wooden Sports Flooring

- Premium African teak planks (20–21 mm) with tongue & groove locking for stability
- Precision-sanded and PU water-based court finish for smooth, durable play

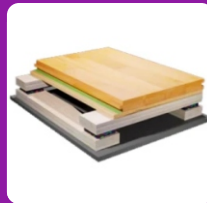

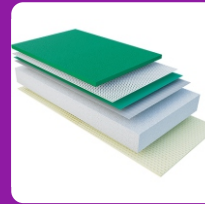

Pine Wood Base Structure

- Termite-treated, seasoned pine with interlocking runner framework
- Engineered runner dimensions for long-term strength and load support

Air Shox Cushioning System

- 18 mm button-type shock pads to reduce impact and player fatigue
- Optimized spacing ensures uniform load distribution across the court

Vapour Barrier System

- 6-mil moisture-resistant plastic sheet beneath the flooring
- Prevents humidity damage and extends floor life

Badminton Poles & Nets

- Professional-grade poles and nets for indoor wooden courts
- Designed for stability, durability, and match-ready performance

Sports Lighting Fixtures

- 150W high-performance lights for glare-free, even illumination
- Complete with supports and fittings for professional court standards

SERVICES

Wooden Badminton and Squash Court Installation

- Complete turnkey installation
- Suitable for academies, institutions, clubs & stadiums
- Single-court to multi-court projects

Base Structure Formation

- Precision-engineered pine wood sub-floor
- Box structure layout with pine wood running vertical connected to horizontal for stability.
- Allows air circulation to handle environmental expansion

Teak Flooring Installation

- Pneumatic pressurized nailing system
- Hidden nailing along tongue for a seamless finish
- Professional sanding and polishing

Cushioned Sports Flooring Solutions

- Shock-absorbent system for player safety
- Reduces stress on joints and muscles
- Ideal for professional badminton courts

Sports Lighting Installation

- Installation of LED lighting and supports
- Optimized positioning for glare-free play
- Suitable for indoor sports arenas

Turnkey Court Solutions

- Flooring + lighting + poles & nets
- End-to-end execution from base to final finish

Measurement & Final Billing Support

- Final measurements taken post-completion
- Transparent billing based on actual site dimensions
